## about

### intro

i enjoy problem solving and being creative. my ideal job is one where i am challenged to grow creatively and can move my career forward professionally. i enjoy working on a team, but also have plenty of experience flying solo.

### dispositions

professional and dependable, quick learner, flexible, attention to detail.

### personal interests

i'm a big tech geek, an apple enthusiast, enjoy playing video games, discovering new music, movies, science fiction, and have always enjoyed drawing and making things just to be creative.

## visual design skills
